Vawter, G. Allen, 291
Yang, Liangbiao, 151
Yip, G. L., 65

Article Index

AlGaAs/GaAs Phase Couplers for Optical Integrated-Circuit Applications, Design and Fabrication of, 291
All-Optical Telephone Subscriber System, The, 99
Coating Optical Fibers with Dual Dies Separated by a Pressurized Chamber, 81
Data Broadband Fiber for Local Access Systems, A, 259
Fabrication Techniques for High-Quality Optical Fibers, 135
Fiber Optic Networks: New Opportunities for Rights-of-Way Owners, 239
Installed Cost of LAN Optical Fiber Cables, Practical Considerations in Determining the, 247
Integrated Optical Fiber Data Link Transmitter/Receiver for Local Area Network Application, 273
Laser Diodes, Reliability of 1.3-μm InGaAsP/InP, 23
Optical Fiber Diameter Fluctuations, A Method for Reducing, 151
Optical Interference and Pulse Propagation in Multimode Fibers, 161
Optical Loss Minima in Thallium Halide Crystals, Evaluation of, 125
Passive Three-Branch Optical Power Divider in $LiNbO_3$, A, 65
Performance Trade-off of Coaxial and Fiberoptic Cables, 203
Photodetectors and Compatible Low-Noise Amplifiers for Long-Wavelength Light Wave Systems, 1
Single-Mode Fiber Standardization, Issues in, 307
U.S. Fiber Optics Industry, A Competitive Assessment of the, 329
Wavelength-Division Multiplexing and Time-Division Multiplexing to Aircraft Data Links, Applications of, 319
